

WEDDING PLANNING - Local

We have inserted a bride's comments about Chantal, so that you may judge for yourself.

"In case you need help with planning, arranging, decorations etc etc etc. Chantal Beaulieu lives 10 minutes away from the lodge and she helped me to plan quite a few things! She is from the area and knows Sudbury well and in a great position to help! She's full of creative ideas too! She made gold overlay table cloths for me, she hand picked strawberries and made jam for favours (as well as little matching fabric covers for them!!), made fabric coverings for some plants that we bought (that we didn't want to buy pots for) plus arranged my sound equipment rental (and her husband set it up for us!). Her website is www.chantalsweddings.wordpress.com/ and her email is chantal_beaulieu@mac.com.

The bride made these comments had a wedding of about 50 people and spent several days at the lodge.

If you want a good job but not high priced then these are great people. They also do half days if you have someone to cover the other half (a family friend etc.)

A bit more expensive than the above photographers and doesn't do part days but her pictures are very good.

FLOWERS - Local Sudbury

Some options with flowers:

The company above is very reasonable and it is cheaper to order loose flowers and arrange them yourselves. In 2012 a fifty person wedding was decorated beautifully for about \$250.00 with white hydrangeas.

A number of weddings have cut their flowers, leaves and pine cones from the near the Lodge at Pine Cove and decorated the lodge that way. It is a cheap and lovely solution and we have quite a lot of vases. Perhaps just order boutonniere/bouquets for the bridal party if you do this.
